Subject: Microsoft Settlement

Dear Mr. Attorney General,

Please see the attached letter in support of Microsoft in its antitrust dispute. I strongly believe that the most noteworthy aspect of this settlement is that it allows Microsoft to remain together and to continue devoting its resources to designing innovative software, which will benefit the economy, the industry, and consumers.

Sincerely,

Dear Mr. Ashcroft:

I am writing you today to express my opinion in regards to the Microsoft antitrust dispute. I support Microsoft in this dispute, and I feel that the settlement that was reached back in November is fair and thorough. I am relieved that this issue has been resolved, and I feel this settlement serves the best public interest.

Under this agreement, Microsoft has agreed to share more information about Microsoft software codes and books. Microsoft has also agreed to design future versions of Windows to make it easier to install non-Microsoft software. These provisions, along with many others, make it easier for competing companies to conduct business.

The most noteworthy aspect of this settlement is that it allows Microsoft to remain together and finally devote its resources to designing innovative software, which will benefit the economy, the industry, and consumers. Thank you for settling with Microsoft.

Sincerely,

Terry Fuller, Ph.D.
